fit"

# About Elise

Hello! My name is Elise and I am a professional, friendly, dog loving Videographer. I have been filming for 5 years and had a career as a Midwife prior to this.

I offer my full dedication to every wedding I film - having just got married myself I know how important being able to rely on your suppliers is .

I get to know my couples so I can make films that reflect their personalities.

I absolutely love working with my couples to provide them with emotional & professional films to remember their day .

If you have any questions please just get in touch - we can set up a zoom call so we can meet beforehand!

Ensuring that you get what you want out of your films is so important to me, so we will work together to come up with a package you are happy with!
